TIME FRAME: March 6, 2014- Mach 14, 2014

HOURS SPENT: Class time + 3 Hours

WORK COMPLETED

- I found a guest speaker
- I made event schedules

WORK SCHEDULED

- Make Poster boards

PROBLEMS ENCOUNTERED

- I don't need a new consultant.
- I handled this problem by talking to Butler and Winn. Mrs. Vanschenck said that our consultant does not need to be at our event but an adult (faculty) needs to be there to fill out the form.

<u>Journal</u>

For this step in my senior project, my task was to find a guest speaker and to create an event schedule to pass out to the participants when they sign up/ register. I tackled the task of finding a guest speaker by asking someone from the Boys and Girls Club off of Rosemont Road to talk at my event. I emailed them a copy of my project proposal, senior paper, and a flier for my event. She said that she would have a representative come and talk for about 15-30 minutes, which is perfect because that's the same time frame I set up for my event.

I also created an event schedule for the day of my event to pass out to the people who will be participating. On the front, I have my project title, event schedule, and a thank you for the donations to the Boys and Girls Club. On the back, it has my project title at the top, the safety requirements and rules, and the "what to do while waiting-to-hit period".

The problem I came into with my project last week with Mr. Winn, my consultant, not able to go to my event, I asked Butler if he would be my new consultant. I thought we needed our consultant to be at our event, so I took it upon myself to get a new consultant, without talking to Mrs. Vanschenck first. At school on Tuesday, I talked to Mrs. V. and she said that someone that is faculty could do my project evaluation because Mr. Winn can't be there.

The only step I have left to do for my project is make the signs and posters for the day of my event!
